

## Instructions for CFMIP Conference

1. **IMPORTANT: Please let us know if you are no longer intending to attend the conference to allow us to prepare accurately for catering and other details: [smr2832@ictp.it](mailto:smr2832@ictp.it)**
2. Arriving to Trieste: please see our pre-arrival guide for transport to ICTP and a guide to our campus: <http://www.ictp.it/visit-ictp.aspx>
3. Location of Conference: The conference will take place in the SISSA building (2 on map A) main lecture hall, please use entrance indicated by red arrow.
4. **REGISTRATION WILL TAKE PLACE IN THE SISSA building MONDAY July 4<sup>th</sup> between 8am and 9.30am and 10.30am-11am. As there will be many people needing to pay the registration fee on site, please arrive as early as possible to complete the registration and payment process.**
5. **After paying, please show your receipt to collect your reception dinner voucher and your badge for building and computer access.**
6. If you are familiar with the campus, and wish to avoid the payment queues, it is also possible to make the short walk up to the Galileo Guesthouse (building 3 on map A) and make your credit card payment at the reception desk (also during the days preceding the conference, the desk is manned 24/7). Please be sure to bring your automated email with the total fee due including any guest dinner tickets. Remember your payment receipt to collect your voucher/badge Monday morning at the SISSA building.
7. The SISSA building main doors will be open for the registration process on the Monday morning, but in general all entrances to ICTP buildings require your conference badge for entry. **For this and security reasons please keep your badge with you and wear it at all times for identification (and proof of fee payment!).**
8. POSTER BOARDS are 120cm wide, 145cm high. There is no board allocation. Instructions will be given during the conference.
9. Lunches will be served in the Leonardo Building Café (see 1 on map A) on the ground floor and the poster sessions will also take place in the same area.
10. **The drinks reception on the first evening will take place on the Adriatico guesthouse terrace (see 6 on map A).** To get there, either use the ICTP shuttle service, the number 6 bus, or walk through the park, or walk through the tunnels, cross the road at the marked crossing after the tunnels and then walk down the via Junker (marked on map A) – do not walk down via Grignano as there is no path and traffic is dangerous.
11. If you wish to walk through the park, please note that only the top entrance on via Beirut is open presently. The Dirac stairs are closed.
12. If you arrive on the number 6 bus or walking from the Riviera hotel please note that via Beirut does not have a path, and it is safer to use the route to Leonardo building marked in blue on MAP B
13. If you wish to go swimming at lunch time or in the evening, the nearest access point is down the stairs directly to the south of the SISSA building. For safety, please use the underpass to cross the main road. There are also sea access points in front of the harbour in Grignano. Note that the area in front of the castle is a marine park and swimming is not allowed; please note demarcation of limited areas with the yellow buoys to avoid hefty fines, it is enforced!
14. If you wish to visit the town centre or your hotel is downtown, the bus number 6 gets very busy in the summer. A pleasant alternative is to take the boat-bus from the Rive in town to Grignano and then walk through the park. You can buy a separate ticket on board the boat (a book of 10 tickets is much cheaper). Please note boat timetable here: <http://triestetrasporti.it/index.php?trieste-barcola-grignano-sistiana>

# MAP A

Steps down to Adriatico (do not walk down via Grignano)

Swimmers staying at the Adriatico: Walk through tunnel at end of car park for nice sea access

# Map B

Main Entrance to SISSA building

Walking Route between SISSA and Leonardo Building (alternative to internal route through underground tunnel)

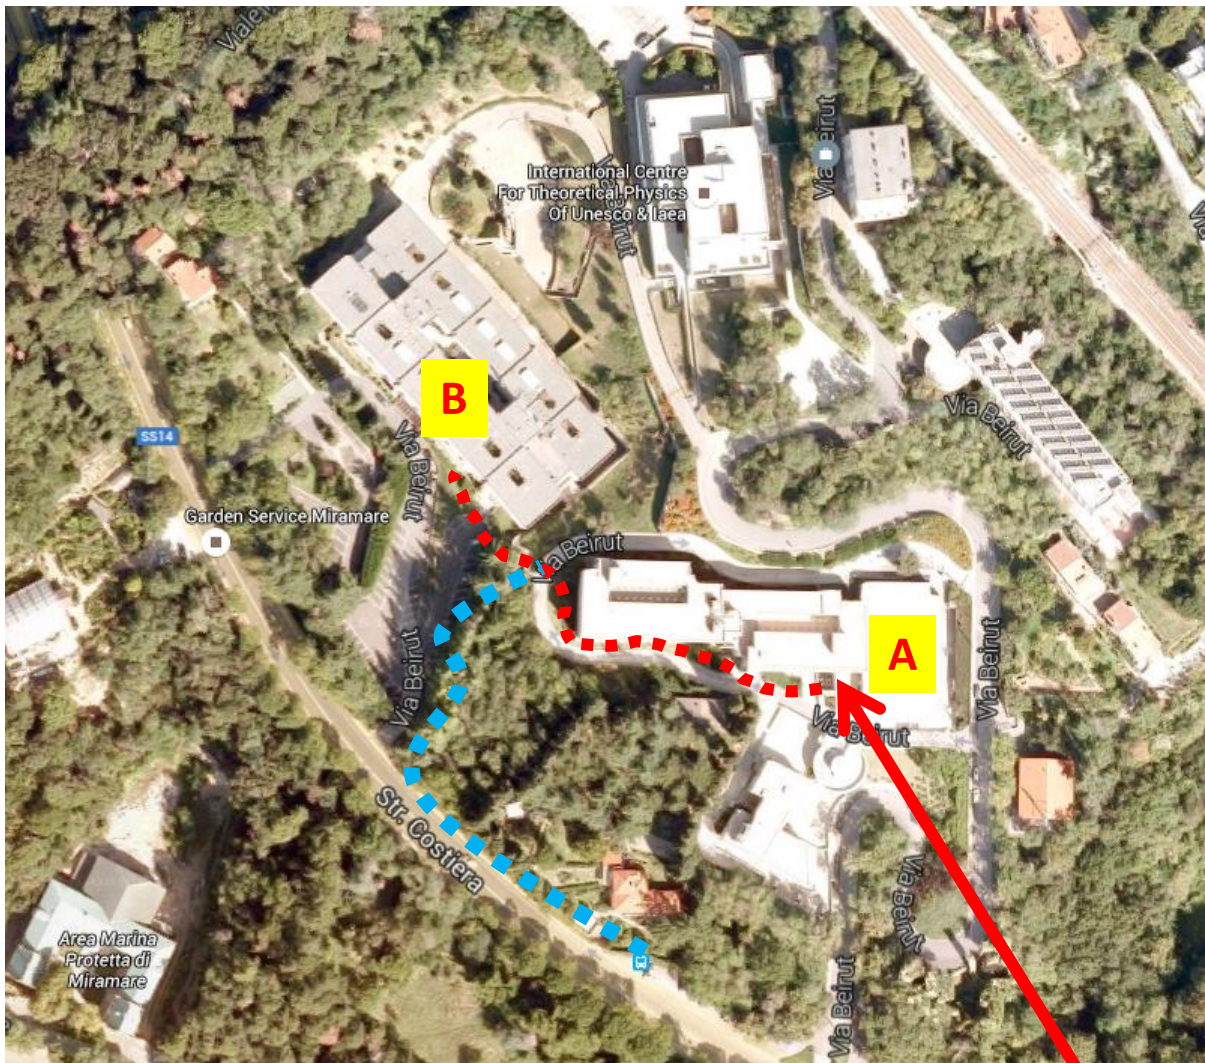

Safe walking Route from bus stop no 6 to Main building and SISSA

**A**

Lecture theatre on first floor (immediately on your right as you enter the main entrance)

**B**

Lunch Served Leonardo Building – Poster sessions also take place here

Main entrance
